To the Winners of the Narnia Studios Black History Essay Contest:

Congratulations on being selected one of the winners of the Narnia Studios Black History Essay Contest. I was pleased to hear that many students in Henderson County took the opportunity to participate in this contest. By participating you have shown your willingness to learn from those who have shaped our nation.

It is very appropriate that you take the time to recognize the achievements of the many individuals who contributed to our nation. While February is a time to give special notice to black history, we should continue to learn from these outstanding individuals throughout the year.

There are many lessons to be learned from those who conducted their lives for the betterment of our nation. We should all continue to work for a nation that accepts everyone regardless of race, color, or gender. Again, congratulations on winning this contest.

Sincerely,

A handwritten signature in black ink, appearing to read "Heath Shuler", written in a cursive style.
